

## UW COVID-19 Vaccination Verification

### Hello.

[Not](#) [Log out, then use your browser's back button to sign in as yourself.](#)

In order to protect the health and safety of our students, faculty, academic personnel, staff and broader community, the University of Washington is requiring all students to be vaccinated against COVID-19, with certain exemptions allowed.

### I have completed my COVID-19 vaccination series

A complete COVID-19 vaccination series is usually two shots, or one shot for some brands.

International COVID-19 vaccines will meet the UW's vaccination requirement if the vaccine brand was authorized by the US Food and Drug Administration (FDA) or by the World Health Organization (WHO). [View the FDA authorized brand list](#) or [view the WHO authorized brand list](#).

Yes, I'm fully vaccinated

### I have not yet completed my vaccination series

If you:

- Have not yet received the second dose of a two-dose vaccine; or
- Plan to be vaccinated in the future; or
- Are not yet sure if you will be vaccinated

**Please return to fill out this form** as soon as you have completed your COVID-19 vaccination series.

If COVID-19 vaccinations are not available where you are now, you will be able to receive COVID-19 vaccination(s) when you return to campus.

### Requesting an exemption

In specific cases, you may decline to receive the COVID-19 vaccine and still comply with the UW's vaccination requirement. If you have already requested any exemption using this form during summer 2021, you are now required to update your exemption with documentation.

To request or update an exemption, visit the [UW COVID-19 vaccination requirement and exemptions](#).
