CARING FOR HUSKIES

Last Year, Patients Gave Our
Providers An Average Of 4.8/5
Stars

"Dr. Tanya Smith is an extraordinarily good clinician. She is knowledgeable, thorough, engaged, empathetic, responsive, and an excellent communicator."

"Nick and his assistant all had wonderful soft skills which created and fostered an environment where I, the patient, felt heard and seen. Keep it up."

"Alexa Proctor is a phenomenal provider and I am fortunate to be able to receive care from her. Thanks for your knowledge and clear explanations Alexa, and for your genuine compassion."

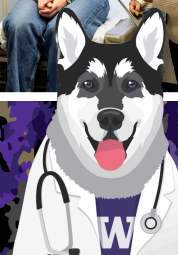

"There are some people you meet and think *this person was made for this profession*. Dana was 100% one of them. I was very nervous going into my appointment and they made it tremendously better with the amount of sensitivity, empathy, and kindness that was shown throughout my appointment."

Protecting The Pack!

The Immunity Verification Program achieved **99% compliance**
and administered **2221 vaccines** through campus events.
